

Syncing OneDrive to a Mac Computer

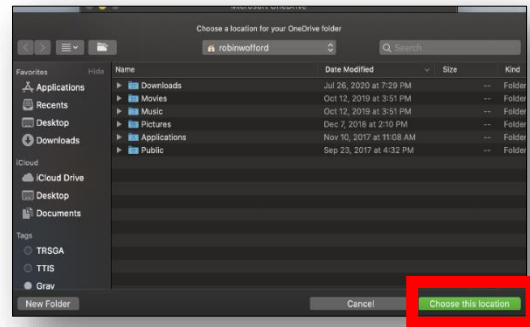

These directions explain how to sync your Microsoft 365 OneDrive to your Mac Computer.

Setting up OneDrive

1. Download the free **OneDrive App** from the Mac App Store.
2. Open the **OneDrive App**.
3. Enter your **Cobb Microsoft 365 credentials** on the Set Up OneDrive screen.
4. Click **Sign in**.
5. Select **Work or School** when prompted where this email address is used.
6. Enter your **Cobb Microsoft 365 credentials** when prompted.
7. Click **Sign In**.
Note: You might be asked to sign in twice.
8. Click **Choose OneDrive Folder Location** to select the folder that you will sync to OneDrive.
9. Select a **location** for your OneDrive Folder.

10. Click **Choose this location.**

11. Click **Next.**

12. Check the **Open at login so my files sync automatically** box when the Your OneDrive is Ready for You screen appears.

13. Click **Open my OneDrive – Cobb County School District folder** to show your OneDrive folder on your computer.
