How to Download Minecraft: Education Edition from Software Center

Minecraft: Education Edition is available for CCSD educators, and these directions explain how to download it from Software Center.

1. Use the desktop icon to open **Software Center**. Note: You can also search for Software Center with search feature on taskbar.

2. Software Center will open.

Note: Your view of available software may vary from picture.

Software Center						– 🗆 X

3. In the search field to upper right, type **Minecraft**.

4. Click on the Minecraft: Education Edition icon.

5. Click Install.

Note: When installation is complete, the Install button will change to Uninstall.

6. **Classroom Mode for Minecraft** and **Code Connection for Minecraft** are also available in Software Center. Type the name of each app in the search field and follow Steps 4-5 to install.
