

Welcome Back from #CobbInTech

We are super excited about the 2018-2019 school year and encourage you to open the door for new opportunities as you build your Digital Age Classroom. Your TTIS team cannot wait to collaborate and help you find success! Find your school's TTIS by level under the Staff link on our website. [Meet your TTIS Team...](#)

Back to School with BYOD

2018-19 is an awesome year to add BYOD to your classroom, and CCSD has all the tools for support and success! Learn how to get student devices connected to CCSDwireless. Join the growing number of BYOD certified teachers in Cobb. See your TTIS for further support about BYOD in Cobb classrooms. [Learn more...](#)

SMART Learning Suite Online Engages and Excites - Use any device!

Have you ever wanted to share a SMART Notebook with students? Now, you can with SMART Learning Suite Online (SLSO)! It allows students to connect to your SMART Notebook for an interactive experience with annotation tools and new learning games. [Learn more...](#)

Put it All Together in Microsoft Teams

Be sure to check out Microsoft Teams in your Office 365 Suite. Teams allows you to communicate with colleagues, share files, link resources, and have private chats that will reduce emails-all in one easy to use application. Be sure to team up with your local TTIS for support. [Learn more...](#)

Collect Information using Microsoft FORMS

Information...at Your Fingertips with Microsoft Forms

One of the biggest challenges at the start of the school year is collecting tons of information-parent emails, volunteer duties, t-shirt sizes, health concerns, etc. Set up a Microsoft Form in less than 5 minutes and let this versatile tech tool do the heavy lifting for you. Responses can even be converted to an Excel spreadsheet! Contact your TTIS and [Learn more...](#)

Anchor Your Classroom in Digital Citizenship

Smooth Sailing with the Digital Citizenship Online Certification Course

Help your students navigate through the fog of the Internet with the InTech Digital Citizenship Certification course. Not only will this PL experience improve your digital literacy, it will provide many ways to integrate your learning for safe explorations when using technology tools with students. [Learn more...](#)

Outlook Migration

Outlook Migration is in the Cloud

Now that all CCSD Outlook email accounts have been migrated to the cloud, you have even more fabulous features! From an improved online email view in Office 365 to the ability to finally link your CCSD email account to your personal device...the possibilities are endless. [Learn more...](#)

3 Videos to Get Your Year Started!

InTech Videos Offer Informative PL

Many of us are visual learners and need to see demonstrations of how to use tech tools. InTech's video team has produced three short videos on the Outlook migration, iPad iOS 11, and the Digital Age Classroom that can get you headed in the right direction. [Learn more...](#)

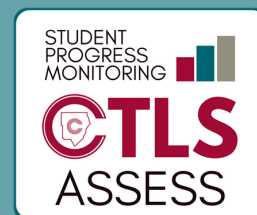

Explore Cobb InTech's Website

The InTech website provides you with resources that help you successfully integrate technology in your classroom. Explore our site for PL opportunities, videos, links, downloadable support documents, and more!
