Cost Evaluation Formula: (Lowest Price/R-where "R" represents the cost of proposal currently being ranked) x Points = Score. The cost score was based upon the first year cost only.

The non-cost components of proposals (total of items 1 – 3) can receive a maximum of 300 points out of 1000 points possible. Only non-cost proposals that receive 210 points (70% of total non-cost score) or more will have the accompanying cost evaluated.
